- Think of counts 3-6 as a smooth continuous turn traveling toward the wall opposite of the one you were facing when you started the dance. For an easier version of the "touch, scoot, step" on counts 5 & 6, replace it with a triple step left, right, left completing that ½ turn

&7-8Step ball of right in place, cross step left in front of right, unwind a full turn right taking weight onto right foot, end facing front wall  
As you unwind allow the right arm to come across your body and point to your left

3&4Shuffle forward - left, right, left  
5&6Shuffle forward - right, left, right  
&Turn ½ left on ball of right  
7&8Shuffle forward - left, right, left  
These shuffles are done almost in place with just the smallest amount of forward motion

**REPEAT**

**TAG**

**Add these 8 counts onto the end of the first round only (this makes the first round 136 counts)**

**STEP RIGHT SIDE RIGHT, HOLD, HOLD, HOLD, STEP FORWARD, PIVOT ½ LEFT, STEP FORWARD, PIVOT ½ LEFT**

1-2Step right side right, hold  
3-4Hold, hold (shift weight to left foot during this last hold)

19-20Step right side right, step left in front of right (same as before)  
21-22Point right side right (same as before), cross right ball of foot over in front of left  
23-24Unwind ½ left transferring weight to right and pop left knee with arms up over head into a high "V", hold  
TAH! DAH!

For that real polished look, try this during the first 16 counts of the music:

1-8Feet together for 8 counts of instrumental with head down

Men and ladies can now strike a pose:

**1LADY:** Take small step with right ball of foot slightly forward and pull shoulders back and head up

**MAN:** Take small step to the right side with right foot with hands out to sides with fingers spread apart and head up

2-4Hold for 3 counts

5-6Step right foot forward, pivot ½ left, taking weight onto left foot

7-8Step right foot forward, pivot ½ left, taking weight onto left foot

Start the dance

When Michele and I landed in Denver, Colorado, Jo Thompson, along with Barry & Dari Anne Amato, had been working on something. John Robinson drove in the next day and met us at the Dance studio and we all got to work. We had a ball learning the routine (what great teachers) and performed it in the Saturday night show at the Pikes Peak Line Dance.....or Bust event in April of 2003. What we have done here is taken out the couples parts and put in transitions to make it a one wall line dance. We hope you enjoy the dance. It makes you feel like a performer Have a ball! - Michael Barr
